

WELCOME TO

NORDIC CLEAN ENERGY WEEK

COPENHAGEN

MALMÖ

21-25 MAY 2018

THE ENERGY WORLD COMES TO THE NORDIC COUNTRIES

Energy ministers from major economies across the globe are meeting in the cities of Copenhagen and Malmö for the 9th Clean Energy Ministerial and 3rd Mission Innovation to promote clean energy worldwide.

Nordic Clean Energy Week features a whole range of energy related events and offers a platform where international decision-makers, investors, research institutions and industry meet to explore opportunities and accelerate the green transition.

JOIN THE NORDIC CLEAN ENERGY WEEK

- to take an active role on the global energy policy agenda
- to explore Nordic technologies and business models
- to exchange knowledge and best-practice examples
- to contribute to reaching the Paris Agreement goals for a fossil free future

EE Global Forum

Partnership-building and content focused on energy efficiency: Innovation, Investment, Impact.

Clean Energy Investment Forum

A platform to accelerate private investments into clean energy projects.

Sustainable Urban Solution

Meet leading Nordic and global cities and partners to explore sustainable solutions.

Digital Round Table

Solutions for a future energy system powered by 100% CO2-free energy with a global outlook.

... AND MANY MORE ENERGY RELATED EVENTS ON THE [WEBSITE](#)
